

## **README Update 2017 Dec 05:**

- 1) Prefixes added to phonebook files for easier sorting:
  - a) 01\_STG
  - b) 02\_MSC
  - c) 03\_JSC
- 2) All PDF files configured to display "full page view" when opened (previously was a zoomed in view of the phonebook cover)
- 3) A duplicate phone book file was deleted:
  - a) JSC\_1963\_04B\_OCR was deleted because it was a duplicate of JSC\_1963\_04A\_OCR
  - b) Note that JSC\_1963\_04A\_OCR is now listed as MSC\_1963\_04A\_OCR due to the new formatting described in 1) above
- 4) The filename for the zip folder containing Individual Phone Book PDFs no longer contains the "revision date" of the Drobbox posting – we did this so that the file name will not change over time. If we add more phone books, the 1959-2006 dates in the filename "will" change see (\$) below)

Here are the Dropbox links - you do not need to have a DropBox account.

## **README Update 2017 Sep 12:**

- 1) 2000-2006 phonebooks added
- 2) PDF files were re-processed (with latest OCR software) for more effective key word searches

3) Also provided, all phonebooks in a single, searchable, PDF file (two versions: the portfolio version allows you to easily navigate from phonebook to phonebook. Non-portfolio version is simply all the phonebook pages in a single document).

Here are the Dropbox links - you do not need to have a DropBox account.
