NASA - MANNED SPACECRAFT CENTER
CLEAR LAKE CENTREX TELEPHONE SERVICE

1. EFFECTIVE DATE: FEBRUARY 15, 1964.
2. WHAT IS CENTREX
 - a. It is a new direct line service that provides you the fastest, most efficient telephone communications ever offered.
 - b. It is designed to give service that eliminates delays, reduces telephone expenses, and increases efficiency.
3. WHAT CENTREX WILL DO FOR YOU:
 - a. Provide direct in-dialing to your station number, bypassing the MSC switchboard.
 - b. In effect, give you your own private telephone line 24 hours a day, eliminating the necessity for previously assigned night, weekend and holiday numbers. Your new number will be HU plus your new 5 digit station number.
4. GOOD MANNERS ARE IMPORTANT:
 - a. Answer your telephone promptly. The call is coming direct to you and you are the first person answering the incoming call.
 - b. It is always proper and helpful to identify yourself to the calling party.
 - c. Transfer of calls to another number should be handled quickly and courteously by flashing your operator. Transfers should be held to a minimum. If the calling party can conveniently redial his number, please ask him to do so.
5. LOCAL CALLS:
 - a. Within this system, i. e. - between center activities serviced by the MSC switchboard, there will be no change in dialing procedures. You will continue to dial the station number as you do now. However, the new CENTREX station numbers at Clear Lake will contain five rather than four digits.
 - b. To call a station in the CENTREX Satellite System located at Ellington AFB from your telephone at Clear Lake, you will dial "8" and then the station number. Ellington station numbers will contain four digits.
 - c. To call from Ellington to Clear Lake the same procedure as stated in b. above will apply, i. e. dial "8" and then the five digit station number at Clear Lake.
 - d. To call local exchanges outside the system, dial "9", wait for second dial tone, and then dial desired number.
6. LONG DISTANCE:
 - a. There will be no immediate change in placing or receiving long distance calls. As changes in long distance procedures occur, you will be informed as to the new procedures necessary to place and receive long distance calls.
7. LET PEOPLE KNOW:
 - a. You will be furnished postcards to let people who call you regularly know your new number. Please use these postcards.
 - b. In letters and by word of mouth, tell people about the new system and the fact that, after February 15, 1964 (or after the date you move), they can reach you direct by dialing HU and your new station number.
8. SUCCESS DEPENDS ON YOU:
 - a. The effectiveness of the service depends upon the use of the service by each individual station user.
 - b. Good manners should always be observed. Identify yourself, and transfer all misrouted calls quickly and efficiently.
 - c. Advertise your new number and CENTREX service.

TIMELY TELEPHONE TIPS

Always speak directly into transmitter; speak distinctly and naturally.

WHEN YOU MAKE A CALL. . .

Listen for dial tone.

Dial carefully; don't accelerate dial return.

Allow about 10 rings for station to answer before hanging up.

Always apologize if you get a wrong number. Do not hang up without speaking.

Have your thoughts in order and be ready to carry on an effective conversation.

Identify yourself (and your office, if necessary) to the person answering.

Complete your business on one call if possible.

Keep your conversation brief and businesslike.

Volunteer your extension and the best time to call back, or ask for the best time for you to call if an additional call is necessary.

WHEN YOU RECEIVE A CALL. .

Answer promptly—before second ring, if possible.

Identify yourself immediately by giving your office and your name, or your name only.

Never answer with "Just a moment please," apologize and arrange for a return call, if necessary.

If necessary to ascertain the caller's name, inquire tactfully "May I ask who is calling, please."

Volunteer the "whereabouts and whenabouts" of an absent person if possible. Offer your own assistance.

Explain the necessity for off line delays. Always thank the person for waiting.

Take messages willingly and in detail. Write it down.

TRANSFERRING CALLS. . .

Don't transfer a call if someone in the office can handle it.

Inform the caller of the proper person's name and telephone number before transferring a call.

If you do not know to whom the call should be transferred, offer to find out and have that office call him.

COMPLETING CALLS. . .

End conversation courteously by saying "good-bye," "thank you," or some other suitable phrase.

The caller generally ends a conversation.

Replace the receiver gently. Make no side remarks until connection is broken.

When away from your office, leave information as to when you will return or where you can be reached.
