A new CENTREX Telephone system is in operation at the Manned Spacecraft Center, Clear Lake Site and Ellington AFB. An outstanding feature of this system is that it introduces direct inward dialing service. Achieving optimum usage of this system depends on the caller knowing and using the extension number of the person being called. To achieve the desired maximum usage of this system MSC personnel are advised to furnish persons frequently called with their Direct In-dial number. Clear Lake Site extension numbers contain five digits. Ellington extension numbers are four digit. The attached alphabetical directory, prepared by the Office Services Division, will be up-dated and distributed periodically during the move period.

6. FEDERAL TELECOMMUNICATIONS SYSTEM - CLEAR LAKE SITE AND ELLINGTON

The FTS shall be used for official Government business only. Under no circumstances should personal calls be placed over this network.

In order to receive full benefit of the FTS, it is essential that the following instructions be followed when making calls. To avoid unnecessary calls to the FTS operator for information, each user should maintain a comprehensive list of frequently called numbers.

HOW TO USE. To reach a telephone in a distant city-

- a. Check to see if the City you are calling is listed.
- b. Dial the FTS access code. "87" from Clear Lake - "387" from Ellington.
- c. Wait for second dial tone, then dial the area code, and continue dialing the number as listed.
- d. When it is necessary to dial the FTS operator in the distant city give her the number or desired information necessary for completion. After the operator furnishes you with the number requested, record it in your frequently called numbers list for future use.

TO REPORT TROUBLE. Dial your MSC operator and tell her what happened.

TO LEAVE WORD. If the party you are calling is not available and you want to be called back leave your name, area code, and telephone number. Do not give your access code.

THE FOLLOWING CITIES ARE AVAILABLE ON THE FTS NETWORK.

7. IN-COLLECT LONG DISTANCE CALLS - DIALED DIRECT

In-collect long distance calls are to be discouraged and if accepted will require certification as to necessity in the performance of official business. If you receive an in-collect direct dial long distance call ask the operator to wait one moment while you flash the MSC operator. The MSC operator will record the call, then you can begin your conversation.

8. TRANSFERRING CALLS

Direct in-dial calls can be transferred to another extension by depressing the button in the telephone receiver cradle ONE TIME. The MSC operator

will transfer the call. Direct out-dial or interoffice calls cannot be transferred. In this instance it will be necessary to hang up and re-dial the desired extension or number.

9. CONFERENCE CALLS

Conference calls on incoming and outgoing calls will be established by the MSC operator.

- a. Direct in-dial calls - flash the operator and tell her the extension numbers of other people you want on the line.
- b. Out-going or inter-office calls - Dial the operator and tell her the extension and/or telephone numbers of the people you want on the line.
