LONG DISTANCE CALLS - For Official Use Only

POLICY REGARDING OFFICIAL LONG DISTANCE CALLS

It is essential that official calls be restricted to the conduct of official business of such urgency that no other means of communication will suffice. When telephone calls to other cities are necessary every effort must be made to utilize the NASA leased lines and/or the FTS rather than commercial cables.

1. LEASED LINES - The following leased lines are available and should be utilized to the fullest extent.

TO	TERMINATION POINT	DIAL
Bethpage, N. Y.	RASPO	3776
Cape Kennedy, Fla.	Florida Operations Manager	2226
Cape Kennedy, Fla.	Apollo AMR Test Office	2227
Cape Kennedy, Fla.	Switchboard (Ask for extension)	3246
Downey, Calif.	NAA Switchboard (Ask for extension)	4985
Downey, Calif.	RASPO	3277
Downey, Calif.	RASPO - Engineering Division	3276
Huntsville, Ala.	Redstone Arsenal Switchboard (Ask for extension)	3278
White Sands, N. M.	PSDF	Dial 84 plus Ext.

2. FEDERAL TELECOMMUNICATIONS SYSTEM - In order to receive full benefit of the FTS, it is essential that the following instructions be followed when making calls. To avoid unnecessary calls to the FTS operator for information, each user should maintain a comprehensive list of frequently called numbers.

HOW TO USE To reach a telephone in a distant city -

- Check to see if the City you are calling is listed.
- Dial the FTS access code. '87' from Clear Lake - '387' from Ellington.
- Wait for second dial tone, then dial the area code, and continue dialing the number as listed.
- It will be necessary to reach the FTS operator in the distant city for information, assistance or to call non-Government numbers. Refer to the FTS Telephone Users Guide for the FTS operator number.

To call Government agencies served by the FTS - use the FTS Telephone Users Guide dated July 1964. If the party you are calling is not available and you want to be called back, leave your name, area code, and telephone number. Do not give your access code.

TO REPORT TROUBLE. Dial your MSC operator and inform her of your telephone trouble.

3. CALLS not placed over leased lines or the FTS Network are to be placed with the MSC operator.

4. IN-COLLECT LONG DISTANCE CALLS - DIRECT DIALED. In-collect long distance calls are to be discouraged and if accepted will require certification as to necessity in the performance of official business. If you receive an in-collect direct dial long distance call ask the operator to wait one moment while you flash the MSC operator. The MSC operator will record the call, then you can begin your conversation.

TIMELY TELEPHONE TIPS

Always speak directly into transmitter; speak distinctly and naturally.

WHEN YOU MAKE A CALL. . .

Listen for dial tone.

Dial carefully; don't accelerate dial return.

Allow about 10 rings for station to answer before hanging up.

Always apologize if you get a wrong number. Do not hang up without speaking.

Have your thoughts in order and be ready to carry on an effective conversation.

Identify yourself (and your office, if necessary) to the person answering.

Complete your business on one call if possible.

Keep your conversation brief and businesslike.

Volunteer your extension and the best time to call back, or ask for the best time for you to call if an additional call is necessary.

WHEN YOU RECEIVE A CALL. .

Answer promptly—before second ring, if possible.

Identify yourself immediately by giving your office and your name, or your name only.

Never answer with "Just a moment please," apologize and arrange for a return call, if necessary.

If necessary to ascertain the caller's name, inquire tactfully "May I ask who is calling, please."

Volunteer the "whereabouts and whenabouts" of an absent person if possible. Offer your own assistance.

Explain the necessity for off line delays. Always thank the person for waiting.

Take messages willingly and in detail. Write it down.

TRANSFERRING CALLS. . .

Don't transfer a call if someone in the office can handle it.

Inform the caller of the proper person's name and telephone number before transferring a call.

If you do not know to whom the call should be transferred, offer to find out and have that office call him.

COMPLETING CALLS. . .

End conversation courteously by saying "good-bye," "thank you," or some other suitable phrase.

The caller generally ends a conversation.

Replace the receiver gently. Make no side remarks until connection is broken.

When away from your office, leave information as to when you will return or where you can be reached.
