TELEPHONE AREA CODE DIRECTORY

GENERAL INFORMATION

SWITCHBOARD AND COMMUNICATIONS CENTER HOURS OF OPERATION

Monday — Friday 8:30 a.m. — 5:00 p.m.

Operator Assistance	Dial "Operator"
Chief Operator	Dial 3885
Information	Dial 3111
Communications Center	Dial 3911

For assistance after hours, Saturdays, Sundays, and Holidays, Call 483-4658.

TELEPHONE SECURITY

The telephone IS NOT a secure means of communications. Do not discuss classified material over the telephone.

LOCAL OUTSIDE CALLS — For Official Use Only

To call a number in the Houston exchange from the JSC dial system, dial "9," wait for the dial tone, and dial the number.

TRANSFERRING CALLS

Direct in-dial calls can be transferred to another extension by depressing the button in the telephone receiver cradle ONE TIME. The JSC operator will transfer the call. Direct out-dial or interoffice calls cannot be transferred. In this instance, it will be necessary to hang up and redial the desired extension or number.

CONFERENCE CALLS

Conference calls on incoming and outgoing calls will be established by the JSC operator.

- Direct In-Dial Calls — Flash the operator and tell her the extension numbers of other people you want on the line.
- Outgoing or interoffice Calls — Dial the operator and tell her the extension and/or telephone numbers of the people you want on the line.

CHANGES AND REPAIRS TO TELEPHONE SERVICE OR EQUIPMENT

Requests for installation or modification of telephone equipment will be submitted on JSC Form 516 to Management Services Division, Administrative Services Branch. For repair service, call extension 3885.

ATTACHMENTS TO TELEPHONES

The telephone company furnishes all equipment necessary to provide telephone service. In the interests of safety and good service, no equipment, apparatus, or device not furnished by the telephone company may be attached to, used or connected with its facilities, except as otherwise provided in the telephone company's tariffs. UNDER NO CIRCUMSTANCES WILL ANY PERSONNEL MOVE TELEPHONES, ADD ADDITIONAL EQUIPMENT, ALTER, OR REPAIR A TELEPHONE OR ITS ASSOCIATED EQUIPMENT.

POLICY REGARDING OFFICIAL LONG DISTANCE CALLS

It is essential that official calls be restricted to the conduct of official business of such urgency that no other means of communication will suffice. When telephone calls to other cities are necessary, every effort must be made to utilize the FTS rather than commercial cables. The FTS system is available on an around-the-clock basis. For assistance after hours, dial the Washington, D.C. FTS operator.

1. FEDERAL TELECOMMUNICATIONS SYSTEM — In order to receive full benefit from the FTS, it is essential that the following instructions be followed when making calls. To avoid unnecessary calls to the FTS operator for information, each user should maintain a comprehensive list of frequently called numbers.

HOW TO USE

— To reach a telephone in a distant city

- Check to see if the city you are calling is listed.
- Dial the FTS access code, "87" from Clear Lake — "387" from Ellington.
- Wait for second dial tone, then dial the 7-digit number as listed.
- It will be necessary to reach the FTS operator in the distant city for

FTS information or assistance or to call non-Government numbers. FTS operator numbers are contained in the FTS Telephone Users Guide.

e. FTS CANNOT BE USED FROM NON-GOVERNMENT TELEPHONES AND IS NOT TO BE USED FOR LOCAL AREA CALLS. Local area is defined as that area within a 40-mile radius of JSC.

COST — Charges for FTS usage are based on the number of calls made, not the length of each call. The current cost per call is approximately one dollar. In an effort to reduce the cost of FTS service, employees are requested to keep FTS calls at a minimum. Several suggestions for reducing the number of calls are as follows.

- Combine calls whenever possible. If more than one person in a work area has a need to speak with a person at the called location, combine both conversations in one call.
 - Plan your call before placing it to avoid additional calls on the same subject.
 - "Hold" briefly if the called party is speaking on another extension rather than requesting a return call or replacing the call at a later time.
 - If you need to speak with a second person at the called location, request the called party to transfer your call. Also request that your call be transferred if the called party has been relocated to another extension.
 - Dial carefully. A completed incorrect FTS call costs the same as a correct one.
 - Terminate FTS calls as soon as your official business is concluded. Even though lengthy calls do not directly increase FTS costs, they do impact the FTS network's busy condition; which could, in time, result in a higher cost per call.
- To call Government agencies serviced by the FTS, use the FTS Users Guide dated 1977. If the party you are calling is not available and you want to be called back, leave your name and FTS telephone number. Do not give your access code.

2. CALLS TO OTHER CITIES — Calls not placed over the FTS Network are to be placed with the JSC operator.

3. IN-COLLECT LONG DISTANCE CALLS — DIRECT DIALED — In-collect long distance calls are to be discouraged and if accepted will require certification as to necessity in the performance of official business. If you receive an in-collect direct dial long distance call, ask the operator to wait one moment while you flash the JSC operator. The JSC operator will record the call, then you can begin your conversation.

TO REPORT TROUBLE — Dial 3885 and report your telephone trouble.

OFF-NET DIALING

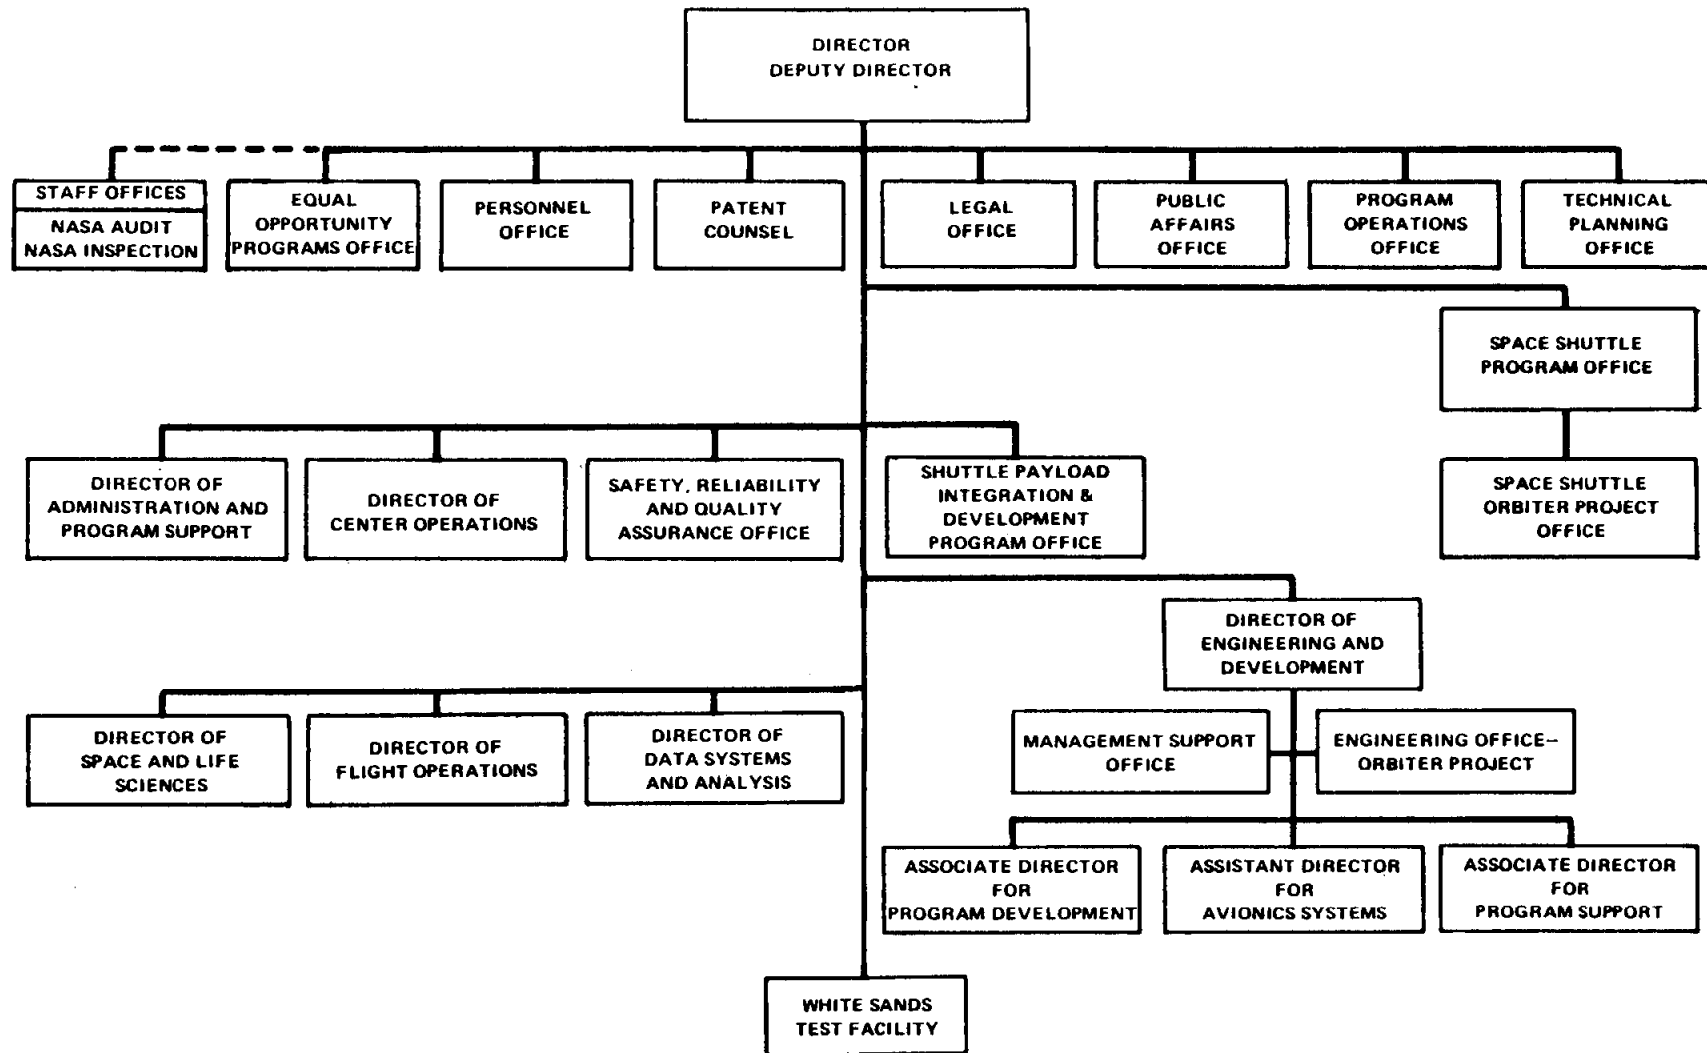

The General Services Administration is continually expanding the FTS automatic off-net dialing capability. Official calls to commercial numbers in the following area codes may be made by dialing 87 + appropriate area code + 7-digit telephone number:

AREA CODE	AREA COVERED
202	Washington, D.C. metropolitan area
212	New York City
213	Greater Los Angeles area
215	Philadelphia area
216	Cleveland area
312	Chicago area
313	Detroit and eastern Michigan
404	Atlanta and northern Georgia
408	San Jose, California area
415	San Francisco area
516	Long Island, N.Y. area
617	Boston and eastern Massachusetts

VISITOR'S CALLS

Visitors may place long distance collect calls with the JSC operator. If they want to pay for the call, they must use a pay station.

The annual hurricane season is from June 1 through November 30 with the peak period from July through September. JSC has prepared detailed plans in the event that a hurricane threatens this immediate area. Each directorate and program office has designated a representative to assist in the implementation of storm protection procedures.

When it has been determined that a hurricane is threatening this area, JSC employees will be kept informed of appropriate plans and procedures through the Center's closed circuit television system or by recorded telephone messages on extension 6281. Notice of changes in work assignments and the possible closing of various Center facilities will be disseminated by these media as well as through normal administrative channels.

All employees, prior to their departure from the Center, should secure their work areas to minimize wind and water damage. Classified information should be placed in proper storage; other important materials should be protected as feasible; and electrical appliances and equipment should be unplugged and stored as appropriate.

JSC employees are encouraged to be aware of the possibility of hurricanes and to make any necessary personal preparations well in advance of a possible storm.

NASA TELECONFERENCING FACSIMILE NETWORK

The NASA Facsimile Teleconferencing Network is a data network intended to transmit documents or figures that are to be made into Vugraphs at the receiving installation or otherwise used to support NASA Voice Teleconferencing. The facsimile transceivers are also used to transmit drawings, reports, etc., in support of NASA programs. For specific operating instructions, users of this system should refer to the NASA Teleconference Directory.
